

OFFICIAL PRESS RELEASE

DAFC are delighted to announce CCW's sponsorship of their East Stand.

CCW Business Lawyers, founded in 2003, is a growing company of lawyers and business professionals, with its head office based in the city's Carnegie Campus, and additional offices in Edinburgh's Charlotte Square and Salisbury in Wiltshire.

Jim Leishman, the Club's Director of Football is delighted with the new deal saying "It's fantastic when local companies come onboard; we really benefit from CCW's business advice and in turn CCW benefit from great local advertising and brand exposure. It's a win-win for both sides!"

Alan D Stalker, one of CCW's partners, said: "We have always been at the heart of the business community in Dunfermline and, as such, wanted to display our support for the town on a cultural level - and in Dunfermline the football club is everything.

"We are fully committed to playing an active part within the local area and believe our sponsorship of the East Stand is an appropriate example of CCW's support.

"This new partnership between CCW and Dunfermline Athletic will, I'm sure, be a long and fruitful relationship for the future."

Regards,
Chris Hudson
